About us

We provide a complete range of sustainable packaging solutions which are 100% Globally designed and developed in full compliance with the latest industry regulations and standards. Innovation is at the core of our business. Our packaging is designed by our in house R&D team and is made completely from eco-friendly paperboard resources. Our packaging became extremely popular because it makes food look stylish and eco-friendly at the same time.

We are a leading manufacturer of high quality Eco Friendly Paper Packaging products for Hotel, Restaurants, QSR/Fast Food, Bakery, Sweet Shop and other Catering establishments.

Currently we stand as an established & fairly renowned brand in the industry of Food Packaging Business where we believe innovation is the future. Armed with intuitive business acumen supported by a thorough research on potential and future markets, we conceptualize and create products high on quality and also visually appealing. We are equipped with a research & development division, comprising of experts in the field who constantly improvise and upgrade our product offerings and technology assistance.

Our Mission

We are on a constant quest to raise the bar and set new benchmarks in the food packaging industry in India and globally.

We are committed to fight the growth of CO² emissions and reduce the amount of waste produced in society by developing eco friendly and sustainable packaging.

Our Vision

Our vision is to be one of the best flexible packaging companies in the industry – by delivering packaging excellence defined by superior quality, unmatched service, continuous improvement and constant innovation.

NONSTOP MANUFACTURING CAPABILITIES

SAFETY AND QUALITY

We take quality and safety very seriously therefore we are constantly carrying out inspections throughout the entire process. We track and monitor every element prior, during and after production.

COMMITTED DELIVERY

We strive to adhere to the timelines and ensure timely delivery of the products.

TESTING

We measure and record the performance of all raw materials, adhesives, coatings and manufacturing settings. All materials are thoroughly checked and tested in our laboratories before going to production.

OUR PRODUCTION CORE COMPETENCIES

MAXIMUM FLEXIBILITY

We are able to react to market changes and customer demands rapidly and apply new business processes instantaneously.

TAILOR MADE PACKAGING

Bespoke packaging processes are implemented easily and quickly through our in house R&D department limiting error possibilities and time delays.

GREEN CREDENTIALS

We stay true to our commitments.

Eco Friendly

We advocate the use of packaging aimed to reduced CO² emissions and help preserve the environment.

Renewable materials

All our packaging is made from readily recyclable paper board resources.

Recyclable

All our paperboard packaging can be easily reprocessed and reused to help limit waste.
